

Dear Chorister and Cherub families:

We are so excited to begin another successful choir year!

This year, we are dividing the 19 families from the Chorister and Cherub programs into three-family teams. There are still some cherub families that may need to be added to the teams below. We will update these teams in the coming weeks. A rotating, four-week menu has been developed that is easy to prepare. On the fifth week, a volunteer from the parish will be providing a different meal. Our volunteer shopper will make sure that all of the food is in the kitchen and that supplies (paper goods, plastic ware, cups etc.) are stocked for each week. All you have to do is show up on your assigned day and cook!

Each team will be called upon to cook roughly twice each semester. The fall calendar is attached. It is also available on the chorister page of the church website. Meals will include an entrée, side, dessert and beverage. Gluten free options are provided each week as well.

Each team will be called upon to cook roughly twice each semester.

Families of choristers are asked to contribute \$75 per child for each semester (a total of \$150 per child for the year. As there are 37 dinners over the course of the year, this works out to be roughly four dollars per meal per chorister.

We realize that for some families, making this contribution may be a hardship. We work on the honor system. If you cannot contribute the entire amount for your child or children, we ask that you contribute what ever you feel you can without causing a hardship in your household. On the other hand, if you are able to consider donating extra to help a family who may not be able to cover the cost, that is also much appreciated. Any contribution of any size is needed and appreciated. Making a contribution to the dinner fund is not a requirement of being in the program. Again, the only mandatory requirement is a firm commitment to both the rehearsal and Sunday Service Schedule.

Thank you for your willingness to help ensure that the dinners for our youngest singers can continue throughout the year.

Many thanks,

Zach Fritsch-Hemenway
